6. How can REDUCE WASTE?

Use normal batteries.

Use both sides of the paper.

Buy food with lots of packaging.

Take your bags to go shopping.

Reuse things.

Recycle everything possible.

7. SOLID, LIQUID or GAS?

It has its own shape.

- ○ solid
- ○ liquid
- ○ gas

It expands to occupy as much space as possible.

- ○ solid
- ○ liquid
- ○ gas

A chair is an example of a...

- ○ solid.
- ○ liquid.
- ○ gas.

It takes the shape of the container, but always occupy the same amount of space.

- ○ solid
- ○ liquid
- ○ gas

Smoke is a...

- ○ solid.
- ○ liquid.
- ○ gas.
