# STOLEN IDENTITIES

17-year-old Caitlin Hemmerle has never \_\_\_\_\_ a credit card, but she's got a \$700,000 \_\_\_\_\_ How \_\_\_\_\_? Caitlin's identity was stolen when she was just three years old. Using her \_\_\_\_\_ number,

with 42 different credit cards and three \_\_\_\_\_ Caitlin didn't realize that she had been the victim of \_\_\_\_\_ until her parents \_\_\_\_\_ 'It's not fair,' said Miss Hemmerle in a television interview.

\_\_\_\_\_ American children and teenagers are 51 times more likely than their parents to become victims \_\_\_\_\_ A child's social security number is like a \_\_\_\_\_ criminals. They don't even have to know the child's

name - they \_\_\_\_\_ name to any social security number with a clean credit rating. Years can pass before these crimes are discovered \_\_\_\_\_ - often when the children aren't able to open a bank

At the age of 17, Zach Friesen \_\_\_\_\_ time job at \_\_\_\_\_ He couldn't believe it when the manager \_\_\_\_\_ him because of his terrible credit rating. \_\_\_\_\_ he was \$40,000 \_\_\_\_\_ Friesen had to spend hours on the phone to resolve the situation but eventually he \_\_\_\_\_ his name and got the job. Now at university, Zach travels to high schools around the USA to educate teenagers about the problem of \_\_\_\_\_ 'It's not your money the \_\_\_\_\_' Friesen tells them. 'It's the money that could be \_\_\_\_\_ That is why teens are \_\_\_\_\_ You all have a clean \_\_\_\_\_
