The Green family live in the country in England. They are a very healthy family, and every Thursday they go shopping at the local market. If the fish van is there, they buy 2kg of fresh white fish to make a delicious fish pie. They don't eat much red meat, but they love chicken. They always buy 500g of chicken for Sunday lunch.

There is a fantastic stall for cereal, breakfast food and snacks. They always buy one large packet of cereal, 5 cartons of orange juice and 2 packets of tea.
