

1. Read āyāh 2:251 of the Qur'ān. What are the two things that Allāh ﷺ gave to Dāwūd (A)?

2. Read āyāh 38:26 of the Qur'ān. Allāh ﷺ asked Dāwūd (A) to do something, and He advised him not to do something. What were these two things?

to do: _____

not to do: _____

3. Dāwūd (A) and Sulaimān (A) made several technological improvements that changed human civilization forever. List a few of their scientific contributions to human civilization.

4. Perform an internet search to find out the temperature needed to turn sand into glass. Can you speculate on why the Qur'ān mentions that iron was melted during Dāwūd's (A) lifetime, and that glass slabs were available during Sulaimān's (A) lifetime?
