9

9. The purchase *Subform* will appear on the **Customer information form**. 10

10

10. You may now enter data in both the *form* and the **subform**.. 11

The screenshot shows a data entry interface with a main form and a subform. The main form contains fields for Customer Number, First Name, Last Name, Address, City, State, Zip Code, Phone Number, and Email. The subform is a table with columns for Purchase ID, Customer Number, Product Name, and Quantity. It contains two rows of data: one for 'Bess Chair' and one for 'BESS LAMP'.

Purchase ID	Customer Number	Product Name	Quantity
1	32	Bess Chair	30
2	33	BESS LAMP	12
(New)	0		0
