## A PRECIOUS RESOURCE

2. Listen to the class discussion and check the one main idea.

1	People should take responsibility for their role in damaging coral reefs.
2	The preservation of coral reefs is important for both marine and nan life.
3	Many species of marine life will die if steps are not taken to preserve al reefs.
4	The economic impact of damage to coral reefs is massive.
Bingo: slang	THE CLASS DISCUSSION for "That's exactly right." informal, affectionate word for a living creature such as an insect

3. Listen to the segment from the discussion and complete the notes.
