

Comparing fractions with the same numerators

Write the fractions for the shaded areas and put a ($\sqrt{\quad}$) for the fraction which is bigger.

 —  <input type="text"/> <input type="text"/>	 —  <input type="text"/> <input type="text"/>
 —  <input type="text"/> <input type="text"/>	 —  <input type="text"/> <input type="text"/>
 —  <input type="text"/> <input type="text"/>	 —  <input type="text"/> <input type="text"/>

Write the correct symbol to compare the two fractions.

greater than $>$ less than $<$

$\frac{1}{5}$ () $\frac{1}{2}$	$\frac{1}{4}$ () $\frac{1}{8}$
$\frac{1}{10}$ () $\frac{1}{20}$	$\frac{1}{6}$ () $\frac{1}{3}$
