My friend Eleanor **is** very healthy and **worries** about eating habits. She **eats** fruit and vegetables all the time! Eleanor doesn't like coffee but she **loves** hot chocolate. For breakfast she **drinks** hot chocolate and **eats** bread. Eleanor **goes** to her grandma's house on Saturdays. Eleanor's grandma **watches** cooking shows on the internet and **cooks** pasta and cakes for her. Eleanor **eats** Italian, French and Spanish food and her favorite food **is** spaghetti. Eleanor doesn't cook but she **mixes** the ingredients of the cakes. Eleanor also **washes** the dishes! She **misses** her grandma's food when she doesn't go to her house. I think Eleanor **has** an active lifestyle. She **plays** tennis and hockey and she's a good skier.
