

# Watermelon Sugar

## Harry Styles

1.- Listen to the song and write the rhymes, and pronounce them.

Tastes like strawberries on a summer

And it sounds just like a

I want more berries and that summer

It's so wonderful and

Breathe me in, breathe me

I don't know if I could ever go

I'm just thinking out

I don't know if I could ever go

Watermelon sugar

Watermelon sugar

Watermelon sugar

Watermelon sugar

Strawberries on a summer

Baby, you're the end of

I want your belly and that summer

Getting washed away in

Breathe me in, breathe me

I don't know if I could ever go

Watermelon sugar

Watermelon sugar

Watermelon sugar

Watermelon sugar

I just wanna taste

I just wanna taste

Watermelon sugar

Tastes like strawberries on a summer

And it sounds just like a

I want your belly and that summer

I don't know if I could ever go

Watermelon sugar

Watermelon sugar
