

Mathématiques : je détermine le volume d'une figure de base

Énoncé 1. Que vaut le volume des objets suivants ?

			
V = × ×	V = × ×	V = × ×	V = × ×
V = u.c ³	V = u.c ³	V = u.c ³	V = u.c ³

			
V = × ×	V = × ×	V = × ×	V = × ×
V = u.c ³	V = u.c ³	V = u.c ³	V = u.c ³

			
V = u.c ³	V = u.c ³	V = u.c ³	V = u.c ³

			
V = u.c ³	V = u.c ³	V = u.c ³	V = u.c ³

Énoncé 2. Dans chaque cas, indique le nombre de fois qu'il faut déverser le contenant plein pour remplir une bouteille de 1L (= 1000 ml).
