This summer I'm going to my grandparents' place. I will spend two months there. My grandmother and grandfather live in a small village near Lviv.

The nature is great there! There are hills and forests. We often pick the mushrooms and berries in the forest with my grandpa. I like walking in the forest! There are lots of birds singing and sometimes you can see an animal there. Usually, they are not dangerous like a fox, a hedgehog, a squirrel or a deer. But two years ago we saw a bear in the forest. It was far away but bears are dangerous animals, so we went home quickly.

This summer I will go fishing with my grandpa. He'll teach me. I dream to catch a big fish and my grandma can cook it for dinner.

I have some friends in the village, too. They are Petro, Ulianka and Mykhailo. All of them are students of Year 4. They go to school in the village. I usually spend lots of time with them in summer. We swim in the river, play in the field and ride bikes. I like this time!

There is only one thing I don't really like about visiting grandparents. That's a really bad Internet connection in the village. I can't play computer games or watch films there. But, I spend lots of time outside and that's interesting!
