

- Collega con una linea ogni poligono alla giusta formula per il calcolo del suo perimetro.

$$P = \ell \times 4$$

$$P = \ell_1 + \ell_2 + \ell_3$$

$$P = (b + h) \times 2$$

$$P = \ell \times 5$$

$$P = \ell_1 + \ell_2 + \ell_3 + \ell_4$$

$$P = (\ell \times 2) + b$$

$$P = \ell \times 3$$

$$P = B + b + \ell_1 + \ell_2$$

$$P = \ell \times 6$$

- Calcola i perimetri dei seguenti poligoni regolari utilizzando le misure che vedi indicate.
