AN UNUSUAL HOME

A I'm Tim Theakstone and I live in a very unusual home in the UK. Most of my house is under the ground. The house isn't very big. It's got a small kitchen at the front and next to that is a living room, with two comfortable sofas. At the back of the house are the bathroom and the bedroom.

B I live here with my wife, Jenny. She's in the kitchen at the moment. I usually do the cooking, but Jenny's cooking today because I'm writing this blog.

C One good thing about being underground is that the house is naturally warm. It uses solar energy to heat water, and that works well. I also love the house because it's really beautiful. Friends love to visit us!

D Of course, not everything is perfect. The house is quite dark because there are only three windows at the front of the house. We've got a lot of lamps!

- 1 What is good about the house? _____
- 2 Where is the house? _____
- 3 Are there any problems with the house? _____
- 4 What are the people who live in the house doing right now? _____
- 5 What rooms has Tim's house got? _____
