Read Aunt Aysha's advice.

Listen and think who Aunt Aysha is replying to.

Dear

You obviously have a very strong visual intelligence because you understand things better when you can see a picture or diagram. I think you should try doing some art such as drawing, painting and making models. You could draw a map or diagram of your village, make a book or a poster. Don't forget that some videos can also be a really useful and interesting way to spend your free time!

Dear

You certainly sound full of life and energy! You seem to be a person who likes activities which get you to move and use your body. I am sure that you will enjoy all kinds of team sports and games such as football and basketball. I know that fishing, jogging, cycling and horse riding will keep you fit but why don't you try more unusual activities such as roller skating, skateboarding and surfing? Remember to stay safe as well as busy!

Dear

You understand yourself very well and you appear to like peaceful activities that you can do by yourself. I think that you might enjoy computing, making models, collecting things or sewing. Why don't you try one of them?

I hope you have lots of fun doing your new activity.

Dear

Well now, you seem enjoy working with people so I think you will enjoy activities that you do with other people such as acting or playing board games. Perhaps you should also think about joining the Guides because they do lots of interesting group activities. You also wrote that you are good at organising people so you could start a club for students in your village or help organise trips for people in your community.

I hope this helps. Good luck with your new activity!
