Sports At School

St James School

St James School is next to a small village and offers various different outdoor sports for students. There are two fields next to the school. One of the fields is used for hockey. The other field is used for football and rugby. There is a building between the fields. Students can change into their sports' clothes here, and then have some snacks after the game. The school building is very old, so it doesn't have any room for any indoor activities. However, they have just started to build a new swimming pool next door.

Brighton School is in the centre of the city and doesn't have any fields next to the school. The only open space inside the building is the school hall. This means they can only have badminton there. However, the school does have two sports fields, but they are outside the city, so the students can only get there by bus. Every week, on Wednesday, the school takes the football teams to the fields by bus. The school doesn't have a rugby team, but they want to create one.

Brighton School

South Hills School

There is a lovely indoor sports area at South Hills School. The school is in a quiet part of town. Students can play tennis indoors and there is a big hall where basketball can also be played. When there isn't a basketball game, they can set up the hall for badminton or volleyball. The school doesn't have any fields so they can't offer football or rugby but, after spring, they take students on a special trip to the coast, which is about 50 miles away. Some students go sailing and others prefer to go surfing.

For each question, choose the correct answer.
