

Concept CW_Grade-7_Lines and Angles

Complementary and Supplementary Angles

Solve each problem.

- 1) The complementary angle of 1° is _____
- 2) The complementary angle of 65° is _____
- 3) The complementary angle of 89° is _____
- 4) The complementary angle of 25° is _____
- 5) The complementary angle of 40° is _____
- 6) The complementary angle of 44° is _____
- 7) The complementary angle of 18° is _____
- 8) The complementary angle of 15° is _____
- 9) The complementary angle of 63° is _____
- 10) The complementary angle of 75° is _____
- 11) The supplementary angle of 102° is _____
- 12) The supplementary angle of 47° is _____
- 13) The supplementary angle of 156° is _____
- 14) The supplementary angle of 59° is _____
- 15) The supplementary angle of 165° is _____
