

## Exit Task (20.05.2020) The volume of a prism (on LMS).

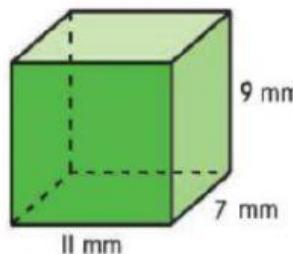

Instructions: Complete all the three tasks.

Post your answers on LMS.

Answer the questions in Task-1, Task-2 & Task-3.

### Must Know Task 1

1.

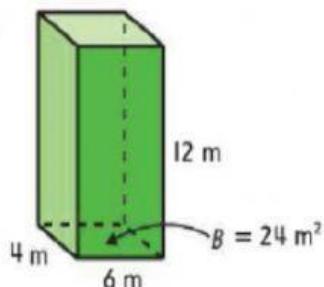

$$V = l \times w \times h$$

$$V = \underline{\hspace{2cm}} \times \underline{\hspace{2cm}} \times \underline{\hspace{2cm}}$$

$$V = \underline{\hspace{2cm}} \text{ mm}^3$$

2.

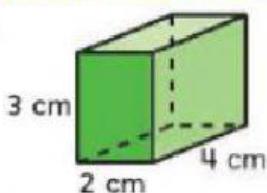

$$V = B \times h$$

$$V = \underline{\hspace{2cm}} \times \underline{\hspace{2cm}}$$

$$V = \underline{\hspace{2cm}} \text{ m}^3$$

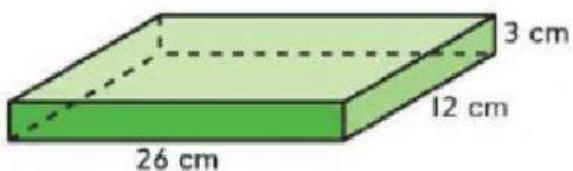

### Good to know (Task 2).

3.

$$V = \underline{\hspace{2cm}}$$

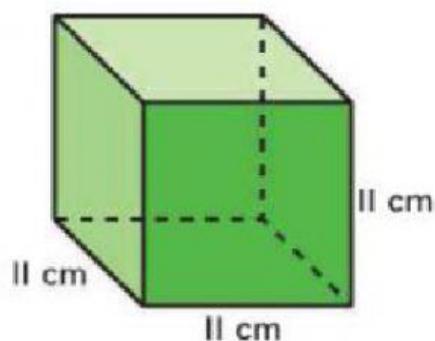

4.

$$V = \underline{\hspace{2cm}}$$

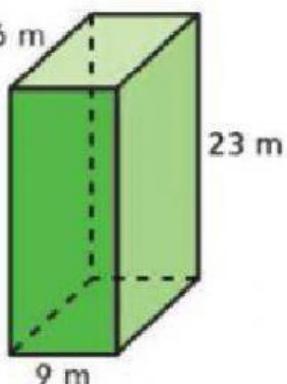

### Fun to Know (Task 3).

5.

$$V = \underline{\hspace{2cm}}$$

6.

$$V = \underline{\hspace{2cm}}$$
