My Brazil blog

Hi. My name's Christine and I'm from Scotland. But I'm not in Scotland now. I'm in Brazil. I'm working with animals. My life here is very different from my life in Scotland!

Here in Brazil, I work in the evening and at night and I sleep in the day! I get up at about 4 pm and at 4.15 I have breakfast with the other students. After breakfast, at about 5.30 in the afternoon, we put our things into our bags. At 6 pm we go into the forest and look for birds. We write their names in our notebooks. We don't talk because we don't want the birds to hear us. At 9.30 in the evening we stop and eat sandwiches and drink water or juice. It's our lunch! We don't stop for a long time. At about 10.15 we look for night animals. We finish at about 3 am. Before we eat our dinner, we write the names of all the birds and animals on the computer. We have dinner at 5.15. At 5.45 in the morning, I'm very tired. I'm ready for bed!

I don't see the sun because I sleep all day! But this is a great job and I'm very happy.
