f. Megan doesn't like getting money for her birthday.

Reading

2) Read the text and write true or false

Red Nose Day is a charity day which happens every two years in the UK. On this day lots of people in Britain wear red noses and do something funny. They ask other people to give them money which goes to a charity to help people all over the world.

Think of something unusual you would like to do. How about having red hair for the day? Before the big day, your friends and family say how much they would like to give you to do this and later you give this money to charity.

You can do all kinds of cool things at school too. Talk to your teachers and decide together! Perhaps wear something red to school instead of your school uniform. Or play 'red nose day' games instead of having normal lessons?

And where does this money go? In the UK, it can help to find homes for young people who are living on the street. In Africa, the money can buy important medicine or give fresh water to villages.

FACT! Red Nose Day is over 25 years old. In 25 years people have given more than £100,000,000!

1) Red Nose Day is every year. ___

2) Everybody gives the same money. ___

3) Some people wear red noses on this day. ___

LIVEWORKSHEETS
