Mathematics
Perimeter Worksheet

1. Find the perimeter of each rectangle.

a) **Length** = 1000 mm
Width = 750 mm

Perimeter = _____mm

b) **Length** = 16.2 m
Width = 6.3 m

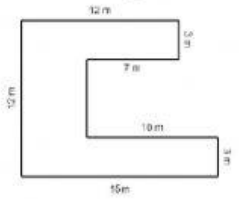

Perimeter = _____m

c) **Length** = 85.4m
Width = 42.7 m

Perimeter = _____m

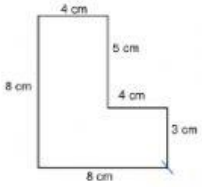

2. Calculate the perimeter of the shapes below.

a)

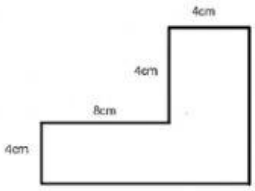

Perimeter = _____m

b)

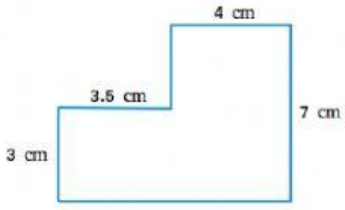

Perimeter = _____cm

c)

Perimeter = _____cm

d)

Perimeter = _____cm

3. Read the word problem. Estimate to find which answer makes sense.

A rectangle is 47m long and 24 m wide. What is the perimeter?

about 70 m about 140 m less than 100 m

The perimeter of a square is 144 cm. What is the length of each side?

about 12 cm about 35 cm more than 40 cm
