I love books!

Do you like reading? I read every night before I go to sleep. I **love** 😍 fantasy stories with magic, dragons and monsters. I'm reading *A Monster Calls* at the moment. It's an excellent fantasy novel and a film too.

It's about a boy called Conor. He's got lots of problems. His mother is ill and some boys at school are horrible to him. At night, a monster visits Conor and they become friends.

I'm a big fan of detective novels too. I **really like** 😊 the books about Rudy Redfort, the girl detective. Ruby's thirteen and is good at solving codes and catching criminals. Her parents don't know she's a detective. They think she's an ordinary girl.

Lots of friends **love** 😍 science fiction, but I don't like stories about aliens and spaceships. I prefer books about people.

I **quite like** 😊 adventure stories. It's fun to read about explorers and pirates.

My dad usually reads biographies, but I **hate** 😡 them. I prefer fiction, it's cool!
