ABOUT MYSELF (MY FAMILY)

To begin with I'd like to introduce myself. My name is Victor Borisov. I was born on December 14, 1998. I am 17. I come from Severodvinsk, but now I live in Arkhangelsk. I am a first-year-student of the Northern Arctic Federal University named after M.V. Lomonosov.

I think I'm quite easy-going and balanced. I find it easy to make friends. I like to be friendly to the people around me. As for my hobbies I like playing computer games and reading. I like going out with my friends too. Besides, I can play the piano and the guitar quite well. But my biggest hobby is doing sports. I think I am quite good at ping – pong and judo. I am also keen on extreme activities. I like bungee jumping.

My family is neither big nor small. We are 4 in the family: my father, my mother, my sister and me. Unfortunately I have no brothers.

My father is 51. His name is Oleg. He is a fireman. His job is rather dangerous but very important. He needs relaxing after his work so he likes fishing.

My mother's name is Vera. She is 45. She is a very good-looking woman. She works in a hospital. She is a nurse. And she has a lot of work about our house. I would say she is very good at cooking. In spite of lack of free time, she likes embroidering.

My sister Olga is 6 years older than me. She is 23. Her specialty is economics, but she doesn't work now. Last year she gave a birth to her daughter Yana. And now I have a niece. She is 10 months old. My sister's husband is 27. His name is Vladimir. He works at the power station in Archangelsk. We get very well with him. So, I feel that our family is happy.
