Teenagers Need More Sleep

Teenagers have very busy lives and they need their sleep.

However, they usually don't want to go to sleep early, and they _____ waking up in the

morning. The teachers often complain that teenage students do not pay attention in class and cannot _____ with their _____ studies. Some _____

Schools in England have found a way to solve these problems. School begins later in the day, for example, at about 11 am, and lessons finish at 5:30 pm. Head teachers report that students are coping better with the school _____ and test results have improved. In addition, behaviour is _____ to be better as a result of students getting extra sleep. What do you think? Does starting school later sound like a good idea to you?
