Part 6

Questions 27–32

For each question, write the correct answer.

Write **one** word for each gap.

Stonehenge

Stonehenge was one (27) my favourite places on our tour of England last year. It's near the city of Salisbury. It's a ring of huge standing stones about 4 metres high. Experts think it (28) built in three stages between 3,000 and 1,500 years ago.

Building something like that must (29) been really important at the time but nobody knows for sure why they did it. Archaeologists have found evidence of human bone from (30) far back as 3,000 years ago so it's possible it was a place where people were buried. Some people think that it could be a kind of calendar because of the location of the stones when (31) sun rises. People have even suggested it was a landing site for visitors from outer space! (32) the reason was for building it, I loved visiting it!
