Learning is often considered to be a normal part of working and personal life. Both learning for achieving a job as well as for achieving knowledge should not **[neglect]**…………….. Online environment is changing continuously and it represents a great opportunity for **[learn]**………….. It is very important to discover how to learn using all available communication channels and choosing the ones that **[good]** ……………suit a person's style of filtering the information.

Nowadays, **online learning** turns out to be more and more practiced. Many traditional universities started to share their courses online for free. It represents an easy and comfortable method to achieve knowledge in almost every field, from law and accounting, to human **[science]**……………, such as psychology, sociology or history. **Online learning** is a great alternative to traditional universities, especially for people who can't afford the time and money to take real courses.

Although many people still consider traditional universities as the best way to achieve knowledge and get a diploma, **online learning** proves to be a great alternative. Students have the chance to study in their own time and especially for free. It represents a great way to study many fields and boost the level of self**[-motivate]**…………….. **Online learning** is so effective because students can finish their homework quickly, and there is more time left for hobbies or for finding a job. An access to all resources of a traditional course helps **[participate]**…………………….. learn wherever they are, leaving them the freedom to choose the time for study. With basically an Internet connection, a person can attend different courses. Among the **advantages of online learning** there are the **[responsible]** ……………………….. and self-discipline of students.

One of the disadvantages of online learning is that only in a small group can a person develop properly. At school, students learn how to make friends, be patient, get rid of disappointment, and especially to compete. Competition between colleagues can be very **[stimulate]**………………….. and students will only benefit from it. Another **disadvantage** is that online courses cannot cope with thousands of students that try to join discussions. Also, online learning can be difficult, if it is **[mean]**…………. for disciplines that involve practice.

In conclusion, online learning should be seen as a complement and **[extend]** ………………….. of classical forms of learning. Not even the best online course can fully replace the personal contact with a teacher, or the human relationships that develop in a group. So, traditional classes shouldn't be replaced with online learning.
