Question 181-185 refer to the following letter and advertisement

Mr. Jorge Ernesto
1829 Park Street
Oakland, CA 94612

Dear Mr. Ernesto,

Thank you for renewing your membership to The National Botanical Garden Society. You will find enclosed the latest copy of our magazine along with details of the benefits that membership provides this year.

I am also writing to request your support against a proposal by the National Parkland Administration to cut the funding to our Ark Project. The Ark Project, as you know, was founded to create and maintain copies of every plant in the country to help protect and preserve our botanical heritage. This proposed drop in financial support could result in the closure of our Ark Center.

You will find a petition form online at www.nbgsociety.com/petition, but you are also encouraged to contact your congressperson directly to raise your voice against this policy change. We firmly believe the work we do concerns everyone.

Thank you in advance for your support in this important matter.

Yours sincerely,

Erin Lloyd
Chairperson
The National Botanical Garden Society
