

# GIVING DIRECTIONS Nº 1

Find the correct direction to get to different locations.  
Use the expressions 'Turn left', 'Turn Right' and 'Go Straight'.

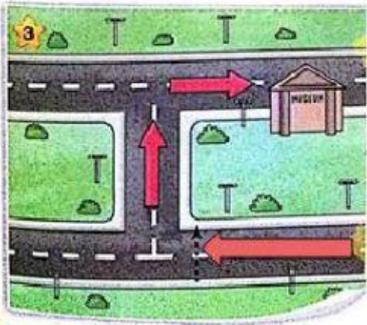

A map showing a street layout. A yellow star with the number '1' is at the top left. A road goes straight down, then turns right to go east. A cinema building is on the east side of this road. A lake is on the south side of the road. Red arrows show the path: straight down, then right, then right again to reach the cinema.

Where is the cinema?

1. Go \_\_\_\_\_.
2. Turn \_\_\_\_\_.
3. Then, turn \_\_\_\_\_.

You got to the cinema!

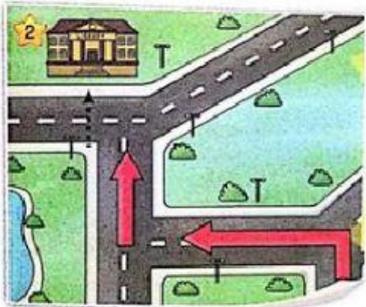

A map showing a street layout. A yellow star with the number '3' is at the top left. A road goes straight down, then turns right to go east. A museum building is on the east side of this road. A lake is on the south side of the road. Red arrows show the path: straight down, then right, then right again to reach the museum.

Where is the museum?

1. Go \_\_\_\_\_.
2. Turn \_\_\_\_\_.
3. Then, turn \_\_\_\_\_.

You got to the museum!

A map showing a street layout. A yellow star with the number '2' is at the top left. A road goes straight down, then turns right to go east. A library building is on the north side of this road. A lake is on the west side of the road. Red arrows show the path: straight down, then right, then right again to reach the library.

Where is the library?

1. Go \_\_\_\_\_.
2. Turn \_\_\_\_\_.
3. Then, go \_\_\_\_\_.

You got to the library!
