

EXERCISE 1

In IELTS Writing Task 1 you might be asked to write a report about a chart or graph.

Match the descriptions with the charts and graphs.

This is a pie chart.	This is a bar chart.	This is a line graph.
----------------------	----------------------	-----------------------

1.

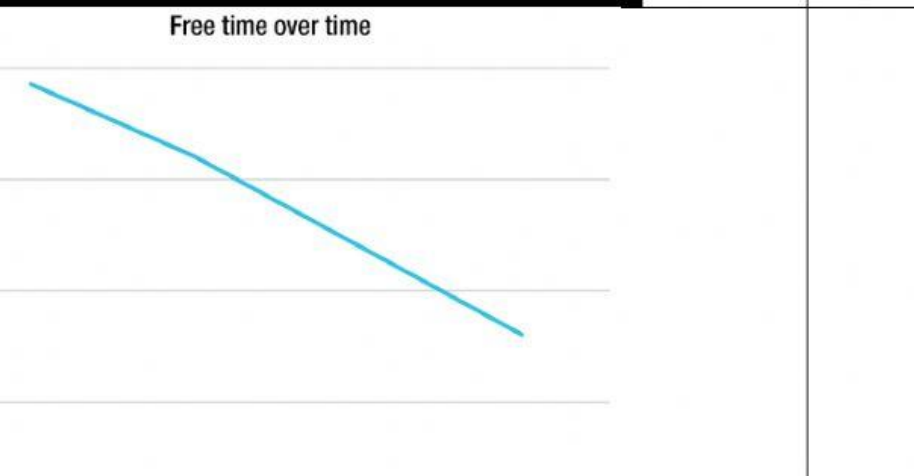

A bar chart titled 'Free time over time' showing the number of hours spent on three activities: Cinema (blue), Restaurants (green), and Music concerts (yellow) across four age groups: 18-25, 26-39, 40-55, and 55-80. The y-axis represents hours from 0 to 25. Restaurants consistently show the highest hours, peaking at approximately 22 hours for the 40-55 age group. Cinema and Music concerts show more varied patterns across the age groups.

Age Group	Cinema	Restaurants	Music concerts
18-25	10	14	15
26-39	13	19	13
40-55	11	22	8
55-80	9	17	7

Free time over time

2.

A line graph titled 'Free time over time' showing the number of hours of free time per week from 1950 to 1980. The y-axis represents hours from 0 to 8. The line shows a steady decline from approximately 7.8 hours in 1950 to about 3.2 hours in 1980.

Year	Free time (hours)
1950	7.8
1960	6.5
1970	5.0
1980	3.2

3.
