Mid-Year Test**Reading****Read. Then circle.****How to Be Healthy!**

It's important to be healthy. Being active and eating healthy food are good for your body.

Do you live in the mountains? You can hike or ski. Do you live by the ocean? You can swim and surf! In the city, you can be active, too. You can ride a bike, roller skate, or fly a kite in the park.

You can eat fruits and vegetables. Mangoes, peaches, cucumbers, and carrots are good for your body. Candy, soda, and sweet snacks are not healthy.

What can you do to be healthy today?

- 1 Two healthy activities: **eating healthy food** / **watching movies** / **being active**
- 2 Two healthy activities you can do in the mountains: **surf** / **hike** / **ski**
- 3 Two healthy activities you can do in the ocean: **swim** / **surf** / **roller skate**
