

Application_Grade-3_Multiplication and Division

Mental Division of Numbers up to 4-Digits

More mental division practice
Maths worksheets from [urbrainy.com](http://www.urbrainy.com)

Tip: learning the 2x, 3x, 4x, 5x and 10x tables makes these really easy!
Good luck!

1. $18 \div 2 = \square$
2. $30 \div 5 = \square$
3. $18 \div 2 = \square$
4. $40 \div 5 = \square$
5. $80 \div 10 = \square$
6. $30 \div 5 = \square$
7. $12 \div \square = 2$
8. $20 \div \square = 10$
9. $15 \div \square = 3$
10. $40 \div \square = 4$
11. $28 \div 2 = \square$
12. $24 \div 3 = \square$
13. $22 \div 2 = \square$
14. $30 \div 3 = \square$
