

## Concept CW\_Grade-3\_Multiplication and Division

### Mental Division of Numbers up to 4-Digits

Here are some really wicked division questions.  
But they all have remainders.  
Fantastic!

- |                                                  |                                                  |
|--------------------------------------------------|--------------------------------------------------|
| 1. $16 \div 3 =$ <input type="text" value="r"/>  | 2. $30 \div 4 =$ <input type="text" value="r"/>  |
| 3. $18 \div 8 =$ <input type="text" value="r"/>  | 4. $65 \div 8 =$ <input type="text" value="r"/>  |
| 5. $26 \div 3 =$ <input type="text" value="r"/>  | 6. $19 \div 4 =$ <input type="text" value="r"/>  |
| 7. $22 \div 8 =$ <input type="text" value="r"/>  | 8. $60 \div 8 =$ <input type="text" value="r"/>  |
| 9. $26 \div 4 =$ <input type="text" value="r"/>  | 10. $34 \div 3 =$ <input type="text" value="r"/> |
| 11. $29 \div 8 =$ <input type="text" value="r"/> | 12. $69 \div 8 =$ <input type="text" value="r"/> |
| 13. $22 \div 3 =$ <input type="text" value="r"/> | 14. $15 \div 4 =$ <input type="text" value="r"/> |
| 15. $28 \div 8 =$ <input type="text" value="r"/> | 16. $85 \div 8 =$ <input type="text" value="r"/> |
