

Weather

There are two seasons in my city : summer and winter. Summer is from May to October. It is very hot and dry. A sandstorm sometimes occurs during the transition periods between summer and winter. July is the hottest month with an average temperature of 33 °C, but the temperature can sometimes reach 40 °C. From November to April it is winter. It is warm and sunny in the daytime, then cold at night. January is the coldest month with an average temperature 18 °C. There is sometimes a little bit of rain in winter, so if you come to visit my city in this seasons, you should bring a scarf, a thick jacket, trousers or jeans, and an umbrell. The best time to visit is from January to February because the weather is nit very hot.

1.How many seasons are ther in this city? What are they?

.....

2.What is the weather like in summer?

.....

3.What is the average temperature in the hottest month?

.....

4.How often does a sandstorm occur in the city?

.....

5.What is the weather like in the daytime of winter?

.....

6.What should you bring if you come to visit this city in winter?

.....

7.Why should you come in January or February?
