If you want to **find out** some facts about the people on Earth, here you are!

Do you know how many people there are in the world? There are 7,900,000,000 people on our planet! Can you **imagine** that?

Nowadays, people live longer. For example, in Japan women usually live until they are years old!

20% of all people in the world live in China. **Believe** it or not, but that's more than people! There are so many people in China that it's easy to **guess** that Chinese is the most popular language in the world. Spanish **takes** second place, and English is only third! People around the world speak 7,000 languages! There are about 10,000 cities in the world, and 51% of people live there. 49% of people **enjoy** living in villages or towns.

We have a lot of different religions in the world. % of people **choose** to be Christians, 21% **belong** to Islam and 12% are Hindu.

If you **decide** to travel, you can **stay** in 700,000 hotels around the world!

It's difficult to believe but 780,000,000 people don't have clean water to drink!

380,000,000 people study at universities, but 759,000,000 people cannot read or write.

Finally, the Internet! 4.5 billion people **use** the Internet and **spend** about 30,000 hours online during their lives!

Answer the questions

- 1 How many people are there in the world?
- 2 How many languages are there in the world?
