

MATEMÁTICAS

1.- COLOCA LA FÓRMULA EN SU LUGAR Y CALCULA EL ÁREA

$$\frac{(\text{Base mayor} + \text{base menor}) \times \text{altura}}{2}$$

$$\frac{\text{Base} \times \text{altura}}{2}$$

$$\text{Base} \times \text{altura}$$

$$\text{Lado} \times \text{lado}$$

$$\frac{\text{Perímetro} \times \text{apotema}}{2}$$

$$\frac{\text{Diagonal mayor} \times \text{diagonal menor}}{2}$$

$$\pi \times r^2$$

$$\text{Base} \times \text{altura}$$

FÓRMULA:

ÁREA: cm^2
