

Ten

10

Place 10 donuts in the blue boxes

A blue T-shaped frame is designed for a counting activity. It consists of a horizontal row of eight square boxes and a vertical column of two square boxes attached to the center of the horizontal row, for a total of ten boxes.

Place the number 10 in the the black box

A black rectangular frame contains four empty circles arranged in a 2x2 grid. This is intended for a number recognition or sorting activity.
