C	Reading: Read and circle T or F.	@4 ____/20
----------	---	------------

Children in my class like to do sports. Eddie really loves volleyball. He is a member of our school volleyball team and they play four times a week. He doesn't like table tennis. He thinks it's boring. Sally doesn't like sports at school very much, but she likes ice skating with her sister. They sometimes go ice skating on weekends. Joe's favorite sport is karate, but he doesn't do it in school, so he goes to a club with his best friend twice a week after school.
