Hello, my name is Margaret and I'm from Great Britain. I am thirteen years old and I live in a small house in the centre of London. I live with my parents and my sister Kate. I go to school in the morning and I always walk to school with my sister. I love school. My favourite school subjects are Geography and History but I hate Maths because it is a bit difficult for me. When I finish school I go home and have lunch. Then I do my homework. In the afternoon I love going to the club and meeting my friends. In the club I like playing hockey or volleyball. I love playing basketball because it is my favourite sport and it is a team sport. I am interested in films and music, so in my free time I enjoy listening to music while relaxing in the garden.
