- When a **compound adjective** starts with an **adverb**, it often **does not get a hyphen**.

Ex: *overly affectionate* person, *warmly received* welcome, *neatly pressed* shirt, etc.

- With **compound adjectives**, a **hyphen** is necessary to **communicate** that the **two (or more) words** are **working together** as a **single compound adjective**.

She drove a **yellow, striped** car. (Her car is yellow and decorated with stripes of another color.)

MINDSET FOR IELTS LEVEL 2 – UNIT 1 – READING

A Mukesh Ambani is one of the richest men in the world, and the first man to own a private residence costing more than one billion dollars to build. The home is on Altamont Road in Mumbai, one of the most expensive addresses in the world. Named after the mythical island Antilia, the property has 27 floors.

B The interior of the home is very glamorous and each floor is made from different materials to give an individual look. Marble floors, rare wood and fine rugs are just some of the design features used to create this extravagant home. The lotus flower and the sun are common symbols used throughout. Many of the rooms have floor-to-ceiling glass windows, offering spectacular views of Mumbai and the Arabian Sea.

C The skyscraper has a multi-storey garage with space for 168 cars. Alternatively, there are also three helipads on the roof of the building. The lobby has numerous reception areas and nine lifts. There are also several floors for dining, vast libraries and a health spa, including a gym, several swimming pools and yoga facilities. There is even an 'ice-room' which creates man-made snow, a Hindu prayer room and several floors of gardens.

D The Ambani residence is clearly designed to entertain guests. It has a theatre which seats 50, several guest bedrooms and a grand ballroom filled with chandeliers.

E The living quarters are on the top floors, because the family wanted as much sunlight as possible. The 400,000 ft² residence requires 600 staff, but all three Ambani children are required to clean their own rooms when they are at home.

F Several experts have criticised the architecture of this very expensive home, comparing it to an 'unstable pile of books'. Mrs Ambani, however, describes her home as 'an elevated house on top of a garden' and 'a modern home with an Indian heart'.

BOOKING

A William Randolph Hearst was a successful American newspaper publisher who received over 1,000 km² of land when his mother died in 1919. Initially, he had planned to build just a small bungalow, so he hired Julia Morgan, the first female architect in California. Together, however, they designed a magnificent castle which cost 10 million dollars and took 28 years to build. The property, named *La Cuesta Encantada* (The Enchanted Mountain), has 56 bedrooms, 61 bathrooms, 19 sitting rooms and about 52,000 m² of garden.

B Hearst loved travelling to Europe when he was a child and we can see this in the overall design of the house. He even included cathedral ceilings and Roman columns in his home. Hearst was also a keen art collector and, during his lifetime, spent \$3.5 million on his collection, which is displayed in the rooms at Hearst Castle. Today, his collection is worth much more, with one piece alone valued at \$10 million.

C One of the highlights of the estate is the Neptune Pool. It took 15 years to build and includes the front of an ancient Roman temple. It is on top of a hill and has wonderful views of the mountains, ocean and main house. The pool was rebuilt three times until he was satisfied.

D Although the inside of the house is very European, the outside is very Californian, with palm trees and water. Hearst loved trees and 70,000 were planted on the property during his lifetime. The castle was also home to the world's largest private zoo, holding animals from every continent. Although the zoo is now closed, zebras can still be seen on the hillside.

E As well as the *Casa Grande* (the main house), there are also three guest houses on the property: *Casa Del Monte*, *Casa Del Sol* and *Casa Del Mar*. Hearst entertained a great number of Hollywood stars and political leaders at the castle and many used his private airfield. Guests had to attend formal dinners every evening, but were free to do what they liked during the day. They were invited to stay as long as they wanted, but the longer they stayed, the further away they sat from Hearst at the dinner table.

F When Hearst died in 1951, his family learnt how expensive maintenance would be, and the mansion was donated to the State of California. Since then, it has been open for public tours and the site attracts millions of tourists every year. However, the Hearst family is still allowed to use it when they wish. The castle was never completed and remains unfinished.
