Vocabulary: flights of stairs wacko

In the radio programme. How many flights of stairs did Colin Beavan walk up?

Why did he do that?

How long will the experiment last?

Complete the spaces with one word according to Colin's plan: no
cans, no water in bottles, no more to
magazines and newspapers, no airplanes, no, no taxis, no
elevators.

On what floor does he live?

Of the three members of this family, who is not really convinced about the plan?

She's addicted to....

What didn't they do that made them better parents?

She had a condition before the experiment, which one?

What words are used to describe the type of diet they had? They ate
and
