

# GETTING FACTS FROM A PICTURE GRAPH.

You can get facts from a graph. A picture graph uses pictures to tell how many.

Book Reports Given	
Charlotte	2
Gayle	5
Stephen	4
Jamie	1
Javier	6

Count the pictures across by twos to find the number of book reports given by each student.

Answer the questions below.

1. How many book reports has Charlotte given? \_\_\_\_\_
2. Who has given the most book reports? \_\_\_\_\_
3. Who has given 8 book reports? \_\_\_\_\_
4. Who has given the fewest book reports? \_\_\_\_\_
5. Who has given 10 book reports? \_\_\_\_\_
6. Who has given fewer book reports, Gayle or Stephen? \_\_\_\_\_
