TECHNOLOGY CLASS ACTIVITY

Match the technology with a real-life problem

Garbage Can

Microwave

BackPack

Hair Dryer

Fan

I have to have lunch in the school but I really like my soup hot.

What can I do?

I washed my hair today, but I need it dry to go to work.

What can I do?

In the classroom, there is too much garbage on the floor, I can sweep the floor but I need something where to put the all garbage inside.

I have to take 4 books and 3 notebooks to the school, they are too heavy, where can I carry all of them?

I am sweat and very hot, what can I do?
