

Name: \_\_\_\_\_ Date: \_\_\_\_\_

## MOUSE FUNCTIONS

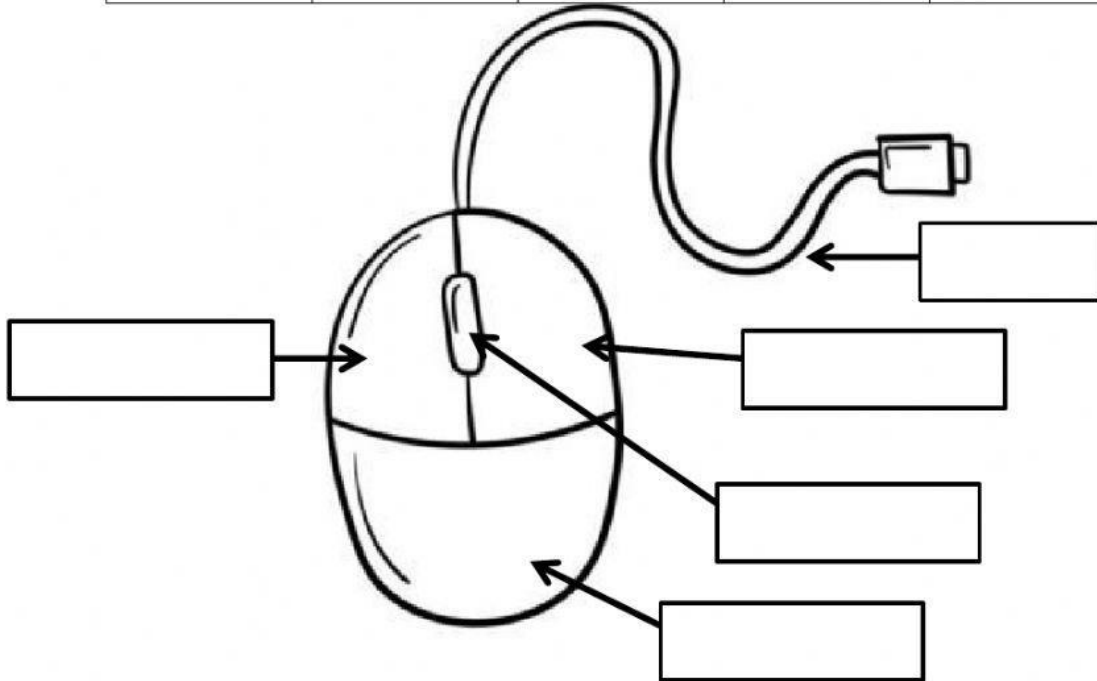

Click	Scroll Wheel	Right-click	Drag	Double-click
-------	--------------	-------------	------	--------------

1. You would have to \_\_\_\_\_ in order to pick an object on the screen.
2. If I wanted to see more options, I will have to \_\_\_\_\_.
3. When a software or app opens, you would have \_\_\_\_\_.
4. I move a page up and down by using the \_\_\_\_\_.
5. In order to move apps around the screen, I can \_\_\_\_\_ it.

### Label the mouse

Body	Scroll Wheel	Left button	Right button	Cable
------	--------------	-------------	--------------	-------

### True or False

		True	False
1.	The scroll wheel is the biggest part of the mouse.		
2.	You can move your pointer around using your left button.		
3.	The left button is used the most.		
4.	Scrolling can move the page up and down only.		
5.	The computer mouse can work without a cable as well.
