

Use the fractions puzzle to add the fractions:

Examples: $\frac{1}{3} + \frac{1}{3} = \frac{2}{3}$

$\frac{1}{2} + \frac{1}{2} = \frac{2}{2} = 1$

$$\frac{1}{3} + \frac{2}{3} = \quad =$$

$$\frac{1}{4} + \frac{2}{4} =$$

$$\frac{1}{5} + \frac{2}{5} =$$

$$\frac{3}{5} + \frac{2}{5} = \quad =$$

$$\frac{1}{6} + \frac{2}{6} =$$

$$\frac{1}{8} + \frac{2}{8} =$$
