Activity 1

Read the text carefully!

My first Experience

At that time, I was 17 years old. I asked my father to give me a gift which is a motorcycle. However, my wish was rejected by my father because I was still an adult. Then, I asked my father to teach me to ride a motorcycle. Initially, my father refused my request and promised to teach me next year, but I sulked.

Finally, my father taught me to ride a motorcycle in a field near the house. Father gave instructions on how to drive it. First, my father led me from behind and I was riding on my father. Over time, I want to try it myself. I was happy and proud to be riding a motorcycle.

A few days later, I tried to ride a motorcycle on the narrow street of my house. I was nervous when there was another motorcycle in front of me. Unexpectedly, my motorcycle hit the wall which made me fallen from the motorbike.

I was afraid of being scolded when I got home. But the reality, my father was very proud of me. I was also given advice to be calmer in driving.
