

SEN Students Checkpoin01-PartA

Rearrange the python code to play game and print score:-

- 1
- 2
- 3
- 4
- 5
- 6
- 7

```
if country == "UAE":  
    score = score +1
```

```
score = 0
```

```
independence = int(input("independence year? "))
```

```
print("Your quiz score is:", score)
```

```
country = input("country name? ")
```

```
if independence == 1971:  
    score = score +1
```

```
print("UAE quiz game program")
```
