Music plays an important role in our daily lives. It would be impossible for a day to go without music. Music serves many functions within our society. It is used to entertain, relax, motivate, persuade, teach, treat diseases, unite, promote patriotism, and so on.

Advertisers are fully aware of the role that music can play in entering the mind of the consumers. For example, the most effective way to aid the memory of the consumers is to accompany an advertisement with an interesting song. Once the consumers like that song, **they** might remember the brand name of the advertised products as well they will choose that products while standing in front of a shelf full of goods of different brand names.

Music at special occasions is essential. At the Olympic sports events, it is interesting to observe how music is played. Entertainment is an obvious function, but further, music at such events helps create an exciting atmosphere. The use of national anthems is to promote the feelings of patriotism, thus encouraging the athletes to make greater efforts.

Music can also be used as means of treating some patients. It soothes nerves of patients with mental disorder. For those with visual impairments, playing music is one way to help them open their hearts to the outside world. **Obviously**, music has a profound and powerful impact on our lives.

Question 11: What is the main idea of the passage?

- A. Consumers like advertisements with interesting songs.
B. Music is a useful means of treating some patients in hospitals.
C. National anthems are sung to promote the feelings of patriotism.

D. Music brings a lot of benefits to people's lives.

Question 12: Which kinds of products will the consumers often choose?

- A. The products have no brand names.
- B. The brand name of the advertised products they remember.
- C. The different brand names of goods they see on the shelves.
- D. The products are in front of them.
