

# Verbs in the Past

Rewrite the verbs in the past.

Note: Add “- d” or “- ed” to most verbs to be in the past.

| present | Most verbs<br>Add+ ed | Present<br>(Verbs ending in e) | add + d |
|---------|-----------------------|--------------------------------|---------|
| visit   | visited               | like                           | liked   |
| start   |                       | arrive                         |         |
| watch   |                       | dance                          |         |
| walk    |                       | love                           |         |
| listen  |                       | live                           |         |
| want    |                       | close                          |         |
