A brief info about Halloween:

Halloween is a celebration that happens on 31st of October. The 1st of November, is All Saint Day, so Halloween is the night **before**.

The holiday is always celebrated in America, but its origin is in Ireland. The **Irish** people, believed that bad spirits would come to **hunt** them. They started dressing in costumes to scare these bad spirits.

There are three traditions for Halloween in America.

- The first is craving a pumpkin with a scary face. Then, they put a candle **inside** the pumpkin. These pumpkins with a face are named Jack-o'-lantern.
- The second is decorating your house. People decorate their **home** as a haunted house. They use skeletons, skulls, tombs, jack-o'-lanterns...
- The third is going trick-or-treat. Children usually dress up with a costume and ask around the **neighbourhood** for candies and chocolates.

BEFORE = abans

IRISH = irlandès / irlandesa

HUNT = caçar

INSIDE = a dins

HOME = casa / llar

NEIGHBOURHOOD = barri
