

# GIVE THAT WOLF A BANANA

## Subwoolfer

grandma	banana	teeth	hunger	blood
tastes	name	eats	wolf	Jim

Not sure I told you, but I really like your \_\_\_\_\_

That hairy coat of yours with nothing underneath.

Not sure you have a \_\_\_\_\_, so I will call you Keith.

See where you're going but I don't know where you've been.

Is that saliva or \_\_\_\_\_ dripping off your chin?

If you don't like the name Keith, I will call you \_\_\_\_\_.

And before that wolf \_\_\_\_\_ my grandma  
give that wolf a banana.

Give that wolf.

And before that \_\_\_\_\_ eats my grandma  
give that wolf a banana.

Give that wolf,

give that wolf (banana)

Yum, yum, yum...

I like the scent of every meal on your breath.

That \_\_\_\_\_ in you. I'm in danger now, I guess.

Let's go to grandma's. You say grandma \_\_\_\_\_ the best.

And before that wolf eats my grandma  
give that wolf a \_\_\_\_\_.

Give that wolf.

And before that wolf eats my \_\_\_\_\_  
give that wolf a banana.

Give that wolf,

give that wolf (Someone give that wolf a banana!)
