

Grade 4: Place Value and Expanded Form of 4-Digit Numbers

1.13 Concept :

Standard form Uses digits: 237,568

Word form Uses words to write the number the way you say it:

Two hundred thirty-seven thousand, five hundred sixty-eight.

Expanded form Uses the place value of each digit to write the number: $200,000 + 30,000 + 7,000 + 500 + 60 + 8$

Standard Form	Word Form	Expanded Form
1) 3,791		
2) 5050		
3) 6789		
4) 6539		
5) 8732		
6) 5621		
7) 1001		
8) 2050
